Grant Agreement A | Digital Skills

Agreement ID: DSG-2026-041 | Fictional funder: Oakridge Community Trust | Recipient: Harbor Bridge Community Initiative

1. Award and term

Total award: **$15,000**. Eligible cost dates: **September 1 through December 31, 2026**. Expenses outside those dates cannot be charged to this award.

2. Intended program

Support six community digital-skills workshops, including instruction, learning materials, and directly attributable participant transportation.

3. Approved budget

Cost category	Maximum allocation
Workshop materials	$4,000
Instructor / program staff time	$8,000
Participant transport	$2,000
Approved program administration	$1,000

4. Eligibility rules

• Costs must clearly benefit the digital-skills workshop program and fall within an approved category and award period.

• Payroll charges must be supported by dated activity or time records showing time actually spent on this program. Job titles or budget estimates alone are insufficient.

• Equipment purchases over $500 each require written approval from the funder before purchase. A receipt alone does not meet this requirement.

• Food, entertainment, and personal purchases are excluded from this grant.

• Costs cannot be reassigned to this grant simply because another fund has run low.

5. Required evidence

• Itemized receipt or invoice for every non-payroll cost, linked to the transaction ID.

• Proof of payment for a single non-payroll purchase of $100 or more.

• For staff costs: payroll record, dated activity log or time record, and a reasonable documented allocation method.

• Written prior approval when specified in Section 4.

6. Review and authority

FundProof may suggest allocations with supporting citations. Only authorized nonprofit finance staff may approve charges. Any ambiguous or unsupported amount must remain unallocated pending review.
